San Diego Superior Court's Register of Action Experiences Issues *Outage Impacts File Purchases*

Members of the public trying to procure online San Diego Superior Court Civil, Small Claims and Probate cases have been unable to complete their purchase because of a computer glitch. Court officials say the problem is with an outside vendor involved in the purchasing process. The public is able to view files but is unable to purchase files. The Court's Information Technology department is working on the issue in order to bring the service back as soon as possible.
