

JJC DETENTION FACILITY INSPECTION REPORT

A. Detention Facility Information

Facility Name:		CAMP BARRETT	
Facility Address: 21077 Lyons Valley Road Alpine, CA 91901	Date of Inspection:		November 29, 2011
	JJC Chair:		Kathleen Edwards
	JJC Admin. Officer:		Michele Cummings
	JJC Secretary:		Kathi Hamill
	Chief of Probation:		Mack Jenkins
		Presiding Judge of the Juvenile Court: Hon. Cynthia Bashant	
Facility Administrator: James Seal, Director	Telephone: (619) 401-4918		
Detention Facility Contact: James Seal, Director	Telephone: (619) 401-4918		
JJC Inspection Team: Richard Alderson, Kathleen Edwards, Joan Hiser			

B. Recommendations and Comments

The 2011-12 Juvenile Justice Commission recommends that the County of San Diego Probation Department:

1. Post rules and procedures in housing units in accordance with Title 15 regulations, in addition to the rule book provided to each minor.
2. Upon completion of room inspections, staff should ensure every room is returned back to the previous condition. Anecdotally, the inspection team heard that this procedure was not always followed.
3. Offer groups for survivors of abuse/maltreatment/violence counseling and victim awareness. Although the percent of male minors who have been victims of abuse is not as high as their female counterparts, it is still estimated to be around 25 percent.

The 2011-12 Juvenile Justice Commission recommends that the San Diego County Office of Education (SDCOE):

1. Ensure that SDCOE staff working in the juvenile detention court schools document incident reports and grievances following the facility's policy regarding documentation.

2. Provide all teachers in-service training on identification of students with possible learning disabilities, attention deficit problems, emotional issues and autism spectrum disorder. Statistics indicate that approximately 70% of students entering the juvenile justice system suffer from a learning or behavioral disorder, yet less than half of students in the facilities are on an IEP. Three to five minors were referred for assessment in the past year.

Progress Update for 2010 inspection report recommendations:

1. The introduction of electronic medical records would make a significant and positive impact on managing the wards' healthcare, especially considering their frequent transitions.
 - ✓ The Probation Department has indicated that the California Forensics Medical Group (CFMG), the medical provider for the Probation Department, will begin to implement the use of electronic records in 2012 with completion by 2014.
2. The Commission recommends that all efforts be made to ensure that standards-based instructional practices are used throughout the instructional program at Camp Barrett by all teachers. Working with instructors to ensure that each student is held to high standards of academic achievement by utilizing an outcomes-based instructional model can help achieve this goal.
 - ✓ The San Diego County Office of Education is now utilizing a data system which allows for the implementation of a differentiated educational delivery system is easier (e.g. four levels of math are now being taught in one class).
3. The Commission recommends that all teachers be provided in-service training on identification of students with possible learning disabilities, attention deficit problems, emotional issues and autism spectrum disorder. Statistics indicate that possibly 70% of students entering the juvenile justice system suffer from a learning or behavioral disorder. With such a small number of students receiving special education services within the camp seems to indicate that further assessment procedures may be needed.
 - ✓ This recommendation will be continued, as noted above.

C. Average Daily Population & Staffing Information

Is there an established procedure in place for youth to request medical services?

- Yes No

Is there an established procedure in place for youth to request dental services?

- Yes No

Is there an established procedure in place for youth to request mental services?

- Yes No

Are Probation staff members permitted to refer youth for medical treatment?

- Yes No

Are Probation staff members permitted to refer youth for mental health services?

- Yes No

Who makes the determination whether or not a minor is seen after a sick call slip is turned in?

- Medical staff

Of a random sample of 50 sick call slips, how many were responded to and in how many hours?

- Each sick call slip is responded to daily the same day received.

Are reasonable arrangements made to permit youth to see their personal or family healthcare providers?

- Yes No Staff will transport.

G.4 Experimental Research

Are youth permitted to be subjects of any of the following types of research? Check all that apply:

- Behavioral/Psychological
- Biomedical
- Cosmetic
- Pharmaceutical

If applicable, do youth consent to participation in research? Yes.

If applicable, do parents consent to participation in research? Yes.

If applicable, describe any research studies in which youth in the facility participated in the last 12 months:

1. Research projects are assessed on a case by case basis by the San Diego County Probation Department, sometimes in conjunction with the Juvenile Court. The specifics of each approved project vary (e.g., who is responsible for the research – i.e., the Principal Investigator, specific approvals sought, regulatory agencies involved, training required or provided etc.) and depend, in part, on whether the research involves only archival data or collaborative data analysis conducted in conjunction with the Probation Department research office versus data collected directly from minors in custody at Probation-run facilities or minors who are Wards of the Court but living in the community.
2. An ongoing inter-disciplinary research program that conducts research at San Diego County Probation Department facilities for juvenile wards of the court is led by Dr. Amy E. Lansing. As of 2012, this program of research was funded by the National Institute of Health (e.g., National Institute of Child & Human Development, National Center on Minority Health & Health Disparities), NIH-supported organizations within the University of California, San Diego system (e.g., UCSD's Clinical & Translational Research Institute, UCSD's Comprehensive Research Center in Health Disparities) and/or UCSD organizations (e.g., Academic Senate). The following criteria is utilized to protect youth who participate in their research as well as UCSD staff:
 - a. Juvenile Court applications are submitted, and reviewed by the Presiding Judge and Juvenile Court lawyers, to request access to Wards of the State. After review, any needed modifications, and approval, a Juvenile Court Order provides access to youth in Probation facilities and/or monitored by the Probation Department.
 - b. Project requests are made to the San Diego County Chief Probation Officer and appropriate Deputy Chiefs (e.g., Deputy Chief of Institutional Services for research occurring on site at Probation Department facilities). Probation Department approval is sought for each research project.
 - c. The Institutional Review Board (IRB) at the University of California, San Diego (and IRBs at any collaborating institutions such as Yale University, San Diego State University) must first approve any research project before it begins. The IRB always consists of a Prisoner Representative, as well as other members with specific expertise relevant to each reviewed project (e.g., Developmental Psychologist, Neuropsychologist, Radiologist, Pediatrician, Neurologist etc.). See <http://irb.ucsd.edu/3.7.pdf>
 - d. After UCSD IRB approval is obtained, the research protocol and all consent and assent forms are sent to the California Department of Health and Human Services for review related to Subpart C regulations (43 FR 53655; Additional DHHS Protections Pertaining to Biomedical and Behavioral Research Involving Prisoners as Subjects). Research involving incarcerated youth may only begin after this additional approval is obtained. See <http://www.hhs.gov/ohrp/humansubjects/guidance/45cfr46.html#subpartc>

- e. All youth participants voluntarily assent (13-17 year olds) or consent (18 year olds), following ethical standards and using language geared toward adolescents. Specific questions are asked of the youth during the assent/consent process to confirm that the youth does understand what participation in the study means.
- f. Parental Consent is sought for minors, and neutral Participant Advocates facilitate youth and/or parental consent.
- g. Consent/Assent (answering questions, reviewing right to withdraw from the study at any time etc.) is an ongoing process during participation.
- h. A Federal Certificate of Confidentiality is obtained for each research project and protects collected data. All Universities, co-investigators and faculty involved in any given research project are included on the Federal Certificate issued by the National Institute of Health and are held to the same requirements with respect to confidentiality, compliance with privacy safeguards and protection of human participants in research as well as additional requirements for research with vulnerable populations . See <http://grants.nih.gov/grants/policy/coc/>
- i. UCSD Youth Study staff who have contact with the youth and/or collect archival data at Probation-run facilities, each go through:
 - 1) UCSD's background check for Staff (non-salaried/non-staff students go through Probation's background check, see ii below)
 - 2) San Diego County Probation Department's Volunteers in Probation process (See VIP details at: http://www.sdcounty.ca.gov/probation/volunteer_opportunities.html) which includes submitting a personal application, being cleared after a County health appointment, providing finger print records, and completing a background check and clearance.
 - 3) Collaborative Institutional Training Initiative for human subjects' protections training. See <https://www.citiprogram.org/aboutus.asp?language=english>
 - 4) Basic training related to the Prison Rape Elimination Act (e.g., assessing and detecting sexual abuse and assault) and mandated reporting criteria under a Federal Certificate of Confidentiality.
 - 5) Safety orientations specific to requirements at each site (e.g., Girls Rehabilitation Facility)
 - 6) Assessing mental health issues (e.g., suicidal / homicidal ideation, non-suicidal self-injury etc.) and/or protection of information (HIPAA, see <https://www.privacyrights.org/fs/fs8a-hipaa.htm>) relevant to that staff member's contact with youth and/or archival data.
 - 7) All co-investigators must complete CITI training as well even if they are only involved in secondary data analysis. Co-investigators who may have direct contact with youth are also named on the Juvenile Court Order.
