

NOTICE TO ATTORNEYS
San Diego Superior Court
Probate Division

September 18, 2012

To all customers of the Probate Division:

Effective October 15, 2012, the Probate Division will allow the submission of all orders prior to the hearing (except guardianship appointment orders).

The proposed order should be submitted at the time of filing the petition. The order will be reviewed by the probate examiner and will be submitted to the judicial officer at the time of the hearing.

If a timely amendment or supplement is filed which materially changes the relief requested, a new order should be resubmitted to reflect the changes in the petition.

Please include one copy for conforming and appropriate payment for certification if so desired.

The order must include a space for completion of the hearing date, hearing time and appearances (either in person or telephonically).

We will also be discontinuing the priority order processing procedure effective October 15, 2012.

Please call the Probate Division at (619) 450-7676 if you have further questions.
