**FOR IMMEDIATE RELEASE**

## 15<sup>th</sup> Annual San Diego County High School Mock Trial Competition Focuses on 5<sup>th</sup> Amendment

*Self-Incrimination and Social Media Influencer Incitement Issues Argued in Court*

**February 18, 2021** – An imaginary case involving statements made to police, whether a social media influencer incited someone to violence and illegally obtained documents has drawn hundreds of local high school students into the 15<sup>th</sup> Annual San Diego County High School Mock Trial Competition.

The annual event is hosted by the San Diego Superior Court and supported by the San Diego County Bar Association, U.S. District Court Southern District of California, San Diego County Office of Education, San Diego City Attorney's Office, San Diego County District Attorney's Office, San Diego County Public Defender's Office, Federal Defenders, Inc., U.S. Attorney's Office, and San Diego Paralegal Association. Mock Trial is a program that gives students hands-on experience in learning about the law and the Constitution. This year's pretrial issue involves the Fifth Amendment protection against self-incrimination. Students argue the question of whether a police officer's offer for a ride to the station for the defendant was voluntary and whether or not the statements made while in the police vehicle without a lawyer present can be allowed in trial.

Nearly 600 San Diego County high school students are participating in the event, which went virtual this year, similar to many real-life current court proceedings. Students from 25 San Diego County high schools have fielded 28 teams during the competition. The first four rounds of trials were held earlier in January and February while the semi-final and awards ceremony are scheduled for Saturday, February 20. The championship round is to be held on Wednesday, February 24. The local winner will advance to and represent San Diego County in the Statewide Mock Trial Competition next month.

The Mock Trial competition places high school students in realistic virtual courtroom settings before actual state and federal judges. In those courtrooms, the students assume the roles of lawyers, witnesses, clerks, and bailiffs facing off on a hypothetical case.

The annual Mock Trial Competition is a premier civic education and legal event. State and federal judges volunteer their time during the trials and attorneys from different practice areas throughout the County spend many hours coaching the high school students and/or serving as scorers during the competition.
